of the Administrative Procedure Act?

5. Is this a new rule? Yes ☒ No ☐

If yes, please provide a brief summary explaining the regulation. The proposed Rule attempts to regulate the administration of Lasix, which is commonly given to horses on the day they race, but must not be given to horses less than four hours before the start of a race. This rule requires that Lasix be administered by a Designated Lasix Veterinarian who does not treat horses racing at Oaklawn. The Designated Lasix Veterinarian would insure that the drug is administered at the proper time, and to keep the horse's regular veterinarian out of the horse's stall on race day. This Rule is used by most major racing jurisdictions, and is supported by the Racing Commissioner's International as part of its Model Rules. Other states that have longer racing seasons employ veterinarians to administer Lasix, but Arkansas only races 56 days a year and does not have the funds to employee additional veterinarians.

Does this repeal an existing rule? Yes ☐ No ☒

If yes, a copy of the repealed rule is to be included with your completed questionnaire. If it is being replaced with a new rule, please provide a summary of the rule giving an explanation of what the rule does.

Is this an amendment to an existing rule? Yes ☐ No ☒

If yes, please attach a mark-up showing the changes in the existing rule and a summary of the substantive changes. **Note: The summary should explain what the amendment does, and the mark-up copy should be clearly labeled "mark-up."**
